## RESOLUTION

Whereas, During the past year the State Superintendent of Public Instruction has very graciously recognized our High Grade High School in the granting of a Normal Department as a necessary and valued adjunct to our local educational institutions, thereby adding to our teaching force the inspiration and co-operation of an efficient Normal Training Director;

Whereas, Our First Grade High School is soon to be cared for in a modern and commodious school building which will mark in a material way the very general sentiment in Canfield and vicinity towards perpetuating and intensifying the time interest in everything which tends towards mental and moral progress;

Whereas, The school district of Canfield Village has recently been extended so as to incorporate within its boundaries the school district of Canfield Township, thereby imposing the responsibility and authority of school supervision in the Board of education instead of three as formerly and insuring likewise greater administrative efficiency and force; therefore be it

Resolved, By the Alumni Association of the North Eastern Ohio Normal College of Canfield, Ohio, including also the graduates of the First Grade High School, met in its annual assembly the 25th day of May, 1916:

1st. That we continue to pledge our devotion to the schools of Canfield regardless of whatever timely and more practical changes they have experienced to their organic character.

2nd. That we most earnestly request the Honorable T. D. Pearson, State Superintendent of Public Instruction, to continue the Normal Department in our High School.

3rd. That we pledge to Prof. Jerome Hull, County School Superintendent, and to the Assistant County School Superintendent, our hearty support and co-operation in promoting increasing interest and attendance of pupils in the Normal Department.

4th. In view of the possible exclusion of non-resident pupils from the High Schools of Youngstown, due to the overcrowded condition of these schools that we recommend that our local Board of Education be given every aid and encouragement to advertise and solicit non-resident pupils in the interests of our own High School.

5th. That we commend the generous and patriotic spirit of the members of the Board of Education in serving without remuneration in a time when so great material and administrative problems are pressing for solution.

6th. That these resolutions shall be incorporated in the minutes of the Alumni Association and published in The Mahoning Dispatch and that a copy of the same shall be sent to the State Superintendent of Public Instruction.

Adopted by unanimous vote of Alumni Association May 25th, 1916.

Special Columbus Correspondent. Columbus, June 15.—Experts of the Ohio utilities commission completed the appraisal of the properties of the five independent eastern Ohio telephone companies that are to be taken over by the Central District Telephone Co., a Bell corporation. The final inventory and appraisal as of April 30, 1915, as fixed by the utilities commission, shows a reproduction value of the combined properties to be \$1,510,478.27 and the present value to be \$1,279,313.32. The estimates prepared by the Central District Telephone Co. set down the reproduction value at \$1,678,782 and the present value \$1,405,129. Again Postpone Trial. Again the trial of former State Treasurer I. B. Cameron for appropriating to his own use interest on state funds which he permitted banks to use without warrant of law has been continued, and a further postponement of it—this time probably until the fall term of court—is promised. The trial was set to begin Wednesday, but when called the state found that the principal witness for the prosecution, Henry W. Backus, who was the secretary of the Columbus Savings & Trust Co., was out of the state. Attorneys for Cameron said that it was not known to them that Backus was not on hand and they were prepared to proceed. On the request of the state, the trial was continued until next Monday, when the court will no doubt be asked to make a further definite postponement.

Thou shalt not delude thy mother. 2. Thou shalt not surrender thy modesty for the favor of unprincipled men. 3. Thou shalt not run wild and fall into the whirlpool of fashion and plunge thy family folk into the hopper of debt. 4. Thou shalt not allow the clucking tongue of the flatterer to bewilder thy head and master thy strength. 5. Thou shalt not tattle. 6. Thou shalt not let frivolity of speech or manner unclothe thee of thy attractiveness and personal charm. 7. Thou shalt not think more of the clothing of thy feet than the culture of thy head. 8. Thou shalt not smoke; thou shalt not tamper with the liquor cup. 9. Thou shalt not be slothful while others in the home toil. 10. Thou shalt find real happiness in truthfulness, hopefulness, joyfulness, peacefulness and in serving others in the spirit of the Great Master.

THE MENACE

As careful as I am, I can Not guard myself against the fool; The wild and wholly reckless man, Indifferent to every rule, I may proceed with utmost care And watch for jolts and sudden bumps But I'm in danger everywhere So long as cars are run by chumps. There is no law to guarantee The safety of a man or child So long as fools are running free And motorizing like demons wild. Though thousands drive their autos well They're menaced by the reckless few. For no man living here can tell Just what the fool is apt to do. I write it from experience 'Tis not myself I have to fear; It is the lack of common sense That marks a lot of drivers here. The strictest rules I may obey To guard against all accident, Yet I'm in danger every day. The fool I cannot circumvent. —Detroit Free Press.
